**WATCH**  
This Paper For  
**MINTZ'S**  
BIG  
ANNOUNCEMENT

It has been estimated that \$4,300,000 cubic miles of the average igneous rock would yield on decomposition all the sodium of the ocean and the sedimentary rocks. The volume of the sandstones would be approximately 15 per cent of this quantity, or 12,450,000 cubic miles. If the sandstones contain an average pore space of 20 per cent, or 2,490,000 cubic miles, and all of it was once filled with sea water, representing 118,730,000,000,000 metric tons of sodium, and chemical erosion began at the rate assigned to the rivers—namely, 158,357,000 tons of sodium annually—the entire accumulation would be removed in about 750,000 years.—United States Geological Survey Bulletin.

Lee De Forest, Inventor,  
Goes To Help England  
To Fight Zeppelins

LEE DE FOREST

Lee De Forest, an American inventor with an electric bulb, has gone to London on a hurry-up call from the British government to show Sir Percy Scott how the British capital may avert danger from Zeppelins. After the American inventor has done his work in London he will cross the channel to devise a system of protection from air attacks for the treasures and the lives of Paris. Dr. De Forest is the inventor of the audion amplifier, an adaptation of the incandescent electric light, by which feeble electric impulses can be magnified to a point at which they can be registered with considerable force. For several months England has used for coast defense a system of microphone detection against submarines by means of which the vibration of the propellers of German submarines was picked up by microphone at sea and transmitted to a base, so that the approaching submarine could be located. Its use in the coast defense system suggested to the English authorities a similar plan for defense against invading airships.

**MRS. ERNST ADAMS HAS HER DRIVING LICENSE RETURNED**

Frank Umstatter's License Is Suspended For Indefinite Period.

Mrs. Ernst Adams, whose automobile, driven by her, killed a pedestrian here Sept. 27, has received the driving license, temporarily suspended, by order of Secretary of State Burnes. The action of Governor Phelps, who exonerated her of criminal responsibility, led Secretary Burnes to restore her license. Secretary Burnes had hearings on several cases yesterday, at the State Capitol.

Frank Umstatter, who was sentenced to jail for 30 days for driving while intoxicated, lost his license indefinitely. Frederick M. Hayes of Bridgeport, a trolley driver, was convicted of reckless driving September 2 outside of New Haven. Hayes turned out for a trolley car and ran into another auto approaching him, which, he said, he "couldn't see." Secretary Burnes said Hayes could consider his license under suspension until December 1.

George R. Godfrey of Danbury was arrested for reckless driving October 1. It was alleged that Godfrey hit another car by trying to pass a car ahead of him on the road. Secretary Burnes suspended his license for 15 days.

E. S. Trumbull of Bridgeport was arrested September 18 outside of that city for reckless driving. It was alleged that he was going 40 miles an hour at the time that he was stopped by the officers. Secretary Burnes warned him about driving so fast in his future and allowed him to go.

The case of Hans Christensen of Bridgeport, who was charged with reckless driving on October 5, was continued for one week.

**Dies As Result of Shooting, Assailant Escapes**

Danbury, Oct. 19.—Henry Strid, the farmhand who was shot during a quarrel with Albert Thayer, at Gaylordsville, Sunday night, died in the hospital here last night. Thayer disappeared immediately after the shooting and has not been apprehended. He is believed to have made his way across the New York State line.

**FARM HAND MAY DIE, RESULT OF QUARREL**

Danbury, Oct. 19.—Henry Strid, a farm hand who was shot during a quarrel in Gaylordsville, near New Milford, Sunday, is in a serious condition in the hospital here. He has remained unconscious since the shooting and his recovery is improbable. Albert Thayer, who is accused of shooting the man, is said to have fired when Strid drew a knife. He disappeared immediately afterwards and has not been caught.

**G. O. Ellis, Centenarian, Is Dead In Waterbury**

Waterbury, Oct. 19.—George O. Ellis, 100 years old, died this morning at the home of his daughter, Mrs. H. E. Livingston, 86 Elmwood avenue. He celebrated his hundred birthday six weeks ago. He was a native of Attleboro, Mass., and was educated there. As a young man he was a manufacturer in Waterbury and Middlebury.

**Poles Seek Funds For Promoting Freedom**

Polish patriots will raise funds in Bridgeport for Polish national defense and independence. A tag day will be held on Saturday and Sunday, October 24 and 25. Forty new girls will be on the streets selling tags.

**Farmer Wants Cent a Word**

## SOCIAL AND PERSONAL

Th Mary Silliman chapter, D. A. R., has issued invitations to the various state chapters to attend the 22nd annual state convention to be held here on Tuesday, November 9, at 1:30 o'clock at the First M. E. church. A luncheon will be served at 12 o'clock.

Miss Kathryn Hewitt, superintendent of the Bridgeport Protective home, addressed the members of the Business Women's club of the Y. W. C. A., which held its first meeting since organizing last evening at the home on Myrtle avenue. The meeting was largely attended and many young women who had not attended the organization last month, came in as members last evening. A social hour during which refreshments were served, followed Miss Hewitt's talk, at the young women who represent the various professions and businesses of the city might become better acquainted with each other.

Dr. Charlotte Dorkin, who was graduated from the New York College of Dental Surgery in June, is now assisting Dr. J. W. Schwartz at 93 Fairfield avenue, in the practice of dental surgery. Miss Dorkin is the first graduate woman dentist to take up regular dental work in the city. She is a Bridgeport girl, having attended the public and high schools of the city, graduating from there in 1912.

Announcement has been made of the engagement of George Lisle Forman, estimator at the Crane Valve Co., and a member of the University and Brooklawn Country clubs, to Miss Ellen Silliman Kendall, daughter of Mr. and Mrs. William L. Armstrong of 19 West 48th street, New York.

Michael J. Jordan, Detective George Simon, Hugh Kierman and "Sunny Boy" Rush of the Stratford recently enjoyed a motor trip in Mr. Jordan's Locomobile. The automobile races at Sheephead Bay were reviewed and the party then proceeded to Atlantic City. On the second day their plans took them up the Hudson to Sleepy Hollow where they spent the night with friends. The return trip to Bridgeport was made the following day. The trip reported an exceptionally enjoyable trip.

At the home of Miss May Gerrity in Greens Farms a party was given Sunday in honor of her birthday. Guests sang and played. Those who attended were the Misses Jennie Dalton, Anna McKelvey, Harriet and Jennie Fennell, May Hunt, Anna Clark, Anna Connell, Susan Lynch, Catherine Carney, Bessie and Mollie Shannon, Mary Lynch, Florence Quinn, Elizabeth Scanlon and Miss Gerrity; William Quinn, James Kane, Harry Quinn, Thomas Kennedy, Edward Quinn, Charles Quinn, Mr. and Mrs. William Gerrity, Mr. and Mrs. Thomas Lynch, Mrs. John Carney and Mrs. P. Dennehy. A supper was served.

## COLLINS DAWE.

Miss Agnes Dawe, daughter of Mr. and Mrs. Peter Dawe of 1251 Noble avenue, and Norman Murdoch Collins will be married at 6:30 o'clock Thursday evening in the home of the bride's parents. Rev. F. C. Rideout of the Second Baptist church, will perform the ceremony.

Miss Collins will be attended by Miss Gladys Dawe, her sister, who will be maid of honor and by two bridesmaids, Miss Alice F. Collins, sister of the groom and Miss Clara Watson. Dr. Robert Glendenning Collins, will be his brother's best man, and William Walkley and William Andrews, ushers. The home will be attractively decorated for the occasion in a color scheme of green and white. Miss Dawe will wear a costume of white silk crepe and Chantilly lace, fashioned with a court train. Her long tulle veil will be caught with lilacs of the valley and her bouquet will be of white roses with a shower of the lilies of the valley.

The maid of honor will be gown in pink crepe de chine with cream lace and a cap of pink Chantilly with rosettes at each side. She will carry an armful of white chrysanthemums. The two bridesmaids will be attired in light blue crepe de chine, trimmed with lace, and will wear caps similar to that of the maid of honor. Their flowers will be pink and white chrysanthemums.

Mr. Collins is the son of Mr. and Mrs. William Collins of 273 Harriet street and is connected with the Bryant Electric Co. Miss Dawe was formerly a stenographer with the Bridgeport Brass Co. She recently resigned as president of the Phœnix club of the Y. W. C. A. and both she and Mr. Collins are active in the affairs of the Second Baptist church. Upon their return from the honeymoon, the young couple will reside at 372 Harriet street.

**Four Men Badly Burned In \$5,000 Fire**

Bradford, Oct. 19.—Samuel G. Cook, a farmer in the northern section of the town, his son Charles and two hired men were severely burned in a fire that early today destroyed the barns and sheds on the Cook farm and burned a horse, cow and several pigs. The loss is about \$5,000. It is believed that the fire was set. The men were burned while rescuing stock from the barns.

## Weather Forecast

New Haven, Oct. 19.—Forecast: Rain tonight; Wednesday partly cloudy. Connecticut: Rain tonight; Wednesday partly cloudy; moderate south and southwest winds. The disturbance central over the western portion of the lake region yesterday has moved northeastward to the province of Quebec while yesterday's southern Texas disturbance has moved eastward to the middle Gulf coast. Another pronounced low area has appeared in the Atlantic, and is now central over North Dakota. The pressure is high on the Atlantic seaboard and in the Pacific Northwest. Temperature moderate. Light to moderate rains have been general from Lake Michigan southward to the Gulf of Mexico, eastward to Central Pennsylvania and northeastward through the St. Lawrence valley. Heavy rain fell in parts of the eastern Gulf states, Montgomery, Ala., reported 1.12 inches, Pensacola, Fla., 2.36 inches during the last 24 hours.

The Franklin Sugar Refining Co. of Philadelphia advanced the price of refined sugar 25 points to 6.15 cents a pound.

## HOWLAND'S

The Weather:—Rain tonight; Wednesday cloudy; southwest winds.

Those excellent  
**Hall-Borchert dressforms**  
now on easy terms

Any dress-form is a help in home sewing. But Hall-Borchert forms are greatest help of all—because they are best in construction and easiest to adjust.

Hall-Borchert form is quickly and easily adjusted to the dimensions and lines of one's own figure. Once adjusted it retains its position—and dresses or skirts or coats or suits are fitted over it with same success as they are to the human figure.

These excellent forms have been sold here for years. Now, for the first time, we are able to offer them on easy terms of payment.

The new Queen \$18 The new Empress \$15

Each built with the upper, or body, part cut up into many small adjustable sections and having a hinged waist so each part of the hips and waist may be adjusted separately. With these forms, actual shape and actual proportions may be reproduced!

Either form delivered on payment of the first amount of

**one dollar**

Balance of cost, which is the regular cash price, to be paid in a series of small amounts.

The new Hall-Borchert forms are ready now. We'll quickly show how easily they may be adjusted and used, and we'll just as quickly admit folks to the advantages of this easy-term plan.

Main floor, front.

Handsome new  
neckwear at 25c
